

Barrier-Free Friendships: Bridging the Distance Between You and Friends with Disabilities

Each of us knows someone who is hearing, visually, or mentally impaired, or physically disabled. Millions more suffer from invisible disabilities that can be just as devastating. Writing from her own experience as a person with a disability Joni Eareckson Tada joins with her fellow disability advocate, Steve Jensen, to share how you can overcome obstacles that have kept you from becoming friends with those who may be limited by their bodies or their circumstances. Joni shows you how to build mutually fulfilling relationships based on insights into how Jesus related to individuals with disabilities. She also offers story after story of the hope and joy of those who've crossed the barriers, from either direction, and found a lifetime of friends.
