

Quiet Talks on the Deeper Meaning of the War: And Its Relation to Our Lords Return (Classic Reprint)

Excerpt from Quiet Talks on the Deeper Meaning of the War: And Its Relation to Our Lords Return
The world is trying to catch its breath. Such an upheaval, in extent and in intensity, has not occurred for centuries, at the least. Thoughtful men have been trying to sense its meaning. An interpretation that is sane, and sufficient to all the facts, has been difficult to get. The interpretation I have ventured to suggest here came slowly through the long years of the fighting. The teachings of the Bible, with which it is coupled, came more slowly through longer years. It has all been dug out simply to answer my own questions. It is given here in response to strong pressure. Regarding the teachings of the Bible here I have tried not to express any personal opinion. My task has been simpler. It has been to gather out such passages as seem, in (heir first meaning, to refer to things that clearly have not yet taken place, and so are distinctly future; and then to put them together in what seemed the logical, connected, common-sense order. I would never have ventured on such a risky thing as seeming to forecast the future, but for a deep and deepening conviction that the interpretation given here is, in the main, accurate. About the Publisher
Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com
This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
